

Hiram Dominguez

Computer Science Undergraduate

Cell: 972-684-3244
Email: dominhiram01@gmail.com

OBJECTIVE

As a computer science undergraduate, my transferable skills with object-oriented programming, working in a team of three using GitHub, and learning the latest technologies such as React.JS and Node.JS.

EDUCATION

University of North Texas

Grad. June 2024

Bachelor's of Science, Computer Science Major, ABET Accredited

Courses Taken: Object-Oriented Programming, Data Structures and Algorithms, Discrete Mathematics

Zero-to-Mastery Organization

Master Data Structures and Algorithms

Issued: Jan 2023

PROJECTS

Robofriends

Website Application

- A React.JS app implementing JSON commands and NPM addons to create a simple app with a search bar and scrollbar.
 - <https://github.com/Dominhiram00/robofriends>

SKILLS

Languages: JavaScript, C++, Java, Python

Frameworks: React.js, Node.js

Tools: VS Code, GitHub

Technologies: AJAX, JSON
